

California Labor Code (Sections 1770-1781)

*The California Labor Code can be found at:
http://www.leginfo.ca.gov/html/lab_table_of_contents.html*

1770. The Director of the Department of Industrial Relations shall determine the general prevailing rate of per diem wages in accordance with the standards set forth in Section 1773, and the director's determination in the matter shall be final except as provided in Section 1773.4. Nothing in this article, however, shall prohibit the payment of more than the general prevailing rate of wages to any workman employed on public work. Nothing in this act shall permit any overtime work in violation of Article 3 of this chapter.

1771. Except for public works projects of one thousand dollars (\$1,000) or less, not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is performed, and not less than the general prevailing rate of per diem wages for holiday and overtime work fixed as provided in this chapter, shall be paid to all workers employed on public works. This section is applicable only to work performed under contract, and is not applicable to work carried out by a public agency with its own forces. This section is applicable to contracts let for maintenance work.

1771.2. A joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (Section 175a of Title 29 of the United States Code) may bring an action in any court of competent jurisdiction against an employer that fails to pay the prevailing wage to its employees, as required by this article. This action shall be commenced not later than 180 days after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 180 days after acceptance of the public work, whichever last occurs.

1771.3. (a) (1) The Department of Industrial Relations shall monitor and enforce compliance with applicable prevailing wage requirements for any public works project paid for in whole or part out of public funds, within the meaning of subdivision (b) of Section 1720, that are derived from bonds issued by the state, and shall charge each awarding body for the reasonable and directly related costs of monitoring and enforcing compliance with the prevailing wage requirements on each project. (2) (A) The State Public Works Enforcement Fund is hereby created as a special fund in the State Treasury. All moneys received by the department pursuant to this section shall be deposited in the fund. Notwithstanding Section 13340 of the Government Code, all moneys in the fund shall be continuously appropriated to

the Department of Industrial Relations, to monitor and enforce compliance with the applicable prevailing wage requirements on public works projects paid for in whole or part out of public funds, within the meaning of subdivision (b) of Section 1720, that are derived from bonds issued by the state and other projects for which the department provides prevailing wage monitoring and enforcement activities and for which it is to be reimbursed by the awarding body, and shall not be used or borrowed for any other purpose.

(B) Notwithstanding any other law, upon order of the Director of Finance, a loan in the amount of four million three hundred thousand dollars (\$4,300,000) shall be provided from the Uninsured Employers Benefit Trust Fund to the State Public Works Enforcement Fund to meet the startup needs of the Labor Compliance Monitoring Unit.

(3) The Director of Industrial Relations shall adopt regulations implementing this section, specifying the activities, including, but not limited to, monthly review, and audit if appropriate, of payroll records, which the department will undertake to monitor and enforce compliance with applicable prevailing wage requirements on public works projects paid for in whole or part out of public funds, within the meaning of subdivision (b) of Section 1720, that are derived from

bonds issued by the state. The department, with the approval of the Director of Finance, shall determine the rate or rates, which the department may from time to time amend, that the department will charge to recover the reasonable and directly related costs of performing the monitoring and enforcement services for public works projects; provided, however, that the amount charged by the department shall not exceed one-fourth of 1 percent of the state bond proceeds used for the public works projects.

(4) The reasonable and directly related costs of monitoring and enforcing compliance with the prevailing wage requirements on a public works project incurred by the department in accordance with this section are payable by the awarding body of the public works project as a cost of construction. Notwithstanding any other provision of law, but subject to any limitations or restrictions of the bond act, the board, commission, department, agency, or official responsible for the allocation of bond proceeds from the bond funds shall consider and provide for amounts in support of the costs when allocating or approving expenditures of bond proceeds for the construction of the authorized project. The awarding body may elect not to receive or expend amounts from bond proceeds to pay the costs of the project; however, such election does not relieve the awarding body from reimbursing the Department of Industrial Relations for monitoring and enforcing prevailing wage requirements on the project pursuant to Section 1771.3 or any other applicable provision of law. (b) Paragraph (1) of subdivision (a) shall not apply to any contract for a public works project paid for in whole or part out of public funds, within the meaning of subdivision (b) of

Section 1720, that are derived from bonds issued by the state if the contract was awarded under any of the following conditions:

(1) The contract was awarded prior to the effective date of implementing regulations adopted by the department pursuant to paragraph (3) of subdivision (a).

(2) The contract was awarded on or after the effective date of the regulations described in paragraph (1), if the awarding body had previously initiated a labor compliance program approved by the department for some or all of its public works projects and had not contracted with a third party to conduct such program, and requests and receives approval from the department to continue to operate its existing labor compliance program for its public works projects paid for in whole or part out of public funds, within the meaning of

subdivision (b) of Section 1720, that are derived from bonds issued by the state, in place of the department monitoring and enforcing compliance on projects pursuant to subdivision (a).

(3) The contract is awarded on or after the effective date of the regulations described in paragraph (1), if the awarding body has entered into a collective bargaining agreement that binds all of the contractors performing work on the project and that includes a mechanism for resolving disputes about the payment of wages. (c) This section shall not apply to public works projects subject to Section 75075 of the Public Resources Code.

1771.5. (a) Notwithstanding Section 1771, an awarding body may choose not to require the payment of the general prevailing rate of per diem wages or the general prevailing rate of per diem wages for holiday and overtime work for any public works project of twenty-five thousand dollars (\$25,000) or less when the project is for construction work, or for any public works project of fifteen thousand dollars (\$15,000) or less when the project is for alteration, demolition, repair, or maintenance work, if the awarding body elects to either:

(1) Initiate and enforce a labor compliance program pursuant to subdivision (b) for every public works project under the authority of the awarding body as described in subdivision (e).

(2) Reimburse the Department of Industrial Relations for the cost of monitoring and enforcing compliance with prevailing wage requirements for every public works project of the awarding body as described in subdivision (f).

(b) For purposes of this section, a labor compliance program shall include, but not be limited to, the following requirements:

(1) All bid invitations and public works contracts shall contain appropriate language concerning the requirements of this chapter.

(2) A prejob conference shall be conducted with the contractor and subcontractors to discuss federal and state labor law requirements applicable to the contract.

(3) Project contractors and subcontractors shall maintain and furnish, at a designated time, a certified copy of each weekly payroll containing a statement of compliance signed under penalty of perjury.

(4) The awarding body shall review, and, if appropriate, audit payroll records to verify compliance with this chapter.

(5) The awarding body shall withhold contract payments when payroll records are delinquent or inadequate.

(6) The awarding body shall withhold contract payments equal to the amount of underpayment and applicable penalties when, after investigation, it is established that underpayment has occurred.

(7) The awarding body shall comply with any other prevailing wage monitoring and enforcement activities that are required to be conducted by labor compliance programs by the Department of Industrial Relations.

(c) For purposes of this chapter, "labor compliance program" means a labor compliance program that is approved, as specified in state regulations, by the Director of Industrial Relations.

(d) For purposes of this chapter, the Director of Industrial Relations may revoke the approval of a labor compliance program in the manner specified in state regulations.

(e) An awarding body that elects to use a labor compliance program pursuant to subdivision (a) must use the labor compliance program for all contracts for public works projects awarded prior to the effective date of the regulations adopted by the department as specified in subdivision

(g). For contracts for public works projects awarded on or after the effective date of regulations adopted by the department as specified in subdivision (g), the awarding body may also elect to continue operating an existing previously approved labor compliance program in lieu of reimbursing the Department of Industrial Relations for the cost of monitoring and enforcing compliance with prevailing wage requirements on the awarding body's public works projects if it has not contracted with a third party to conduct its labor compliance program and if it requests and receives approval from the department to continue its existing program.

(f) An awarding body that elects to reimburse the department for the cost of monitoring and enforcing compliance with prevailing wage requirements for public works projects of the awarding body, pursuant to subdivision (a), must, for all of its contracts for public works projects awarded on or after the effective date of the regulations adopted by the department as specified in subdivision (g):

(1) Ensure that all bid invitations and public works contracts contain appropriate language concerning the requirements of this chapter.

(2) Conduct a prejob conference with the contractor and subcontractor to discuss federal and state labor law requirements applicable to the contract.

(3) Enter into an agreement with the department to reimburse the department for its costs of performing the service of monitoring and enforcing compliance with applicable prevailing wage requirements on the awarding bodies' projects.

(g) The Department of Industrial Relations shall adopt regulations implementing this section specifying the activities which the department shall undertake to monitor and enforce compliance with the prevailing wage requirements on the public works projects, including, but not limited to, monthly review, and audit if appropriate, of payroll records.

(h) (1) The Department of Industrial Relations shall determine the rate or rates, which the department may from time to time amend, that the department will charge in obtaining reimbursement from awarding bodies for the reasonable and directly related costs of performing the specified monitoring and enforcement services, provided the amount charged by the department shall not exceed one-fourth of 1 percent of the total public works project costs.

(2) Notwithstanding paragraph (1), for public works projects paid for in whole or part out of public funds, within the meaning of subdivision (b) of Section 1720, that are derived from bonds issued by the state, the amount charged by the department shall not exceed one-fourth of 1 percent of the state bond proceeds used for the public works project. (i) All amounts collected by the Department of Industrial Relations for its services pursuant to this section shall be deposited in the State Public Works Enforcement Fund.

1771.6. (a) Any awarding body that enforces this chapter in accordance with Section 1726 or 1771.5 shall provide notice of the withholding of contract payments to the contractor and subcontractor, if applicable. The notice shall be in writing and shall describe the nature of the violation and the amount of wages, penalties, and forfeitures withheld. Service of the notice shall be completed pursuant to Section 1013 of the Code of Civil Procedure by first-class and certified mail to the contractor and subcontractor, if applicable. The notice shall advise the contractor and subcontractor, if applicable, of the procedure for obtaining review of the withholding of contract payments. The awarding body shall also serve a copy of the notice by certified mail to any bonding company issuing a bond that secures the payment of wages covered by the notice and to any surety on a bond, if their identities are known to the awarding body.

(b) The withholding of contract payments in accordance with Section 1726 or 1771.5 shall be reviewable under Section 1742 in the

same manner as if the notice of the withholding was a civil penalty order of the Labor Commissioner under this chapter. If review is

requested, the Labor Commissioner may intervene to represent the awarding body.

(c) Pending a final order, or the expiration of the time period for seeking review of the notice of the withholding, the awarding body shall not disburse any contract payments withheld.

(d) From the amount recovered, the wage claim shall be satisfied prior to the amount being applied to penalties. If insufficient money is recovered to pay each worker in full, the money shall be prorated among all workers.

(e) Wages for workers who cannot be located shall be placed in the Industrial Relations Unpaid Wage Fund and held in trust for the workers pursuant to Section 96.7. Penalties shall be paid into the General Fund of the awarding body that has enforced this chapter pursuant to Section 1771.5.

1771.7. (a) (1) For contracts specified in subdivision (f), an awarding body that chooses to use funds derived from either the Kindergarten-University Public Education Facilities Bond Act of 2002 or the Kindergarten-University Public Education Facilities Bond Act of 2004 for a public works project, shall initiate and enforce, or contract with a third party to initiate and enforce, a labor compliance program, as described in subdivision (b) of Section 1771.5, with respect to that public works project.

(2) If an awarding body described in paragraph (1) chooses to contract with a third party to initiate and enforce a labor compliance program for a project described in paragraph (1), that third party shall not review the payroll records of its own employees or the employees of its subcontractors, and the awarding body or an independent third party shall review these payroll records for purposes of the labor compliance program.

(b) This section applies to public works that commence on or after April 1, 2003. For purposes of this subdivision, work performed during the design and preconstruction phases of construction, including, but not limited to, inspection and land surveying work, does not constitute the commencement of a public work. (c) (1) For purposes of this section, if any campus of the California State University chooses to use the funds described in subdivision (a), then the "awarding body" is the Chancellor of the California State University. For purposes of this subdivision, if the chancellor is required by subdivision (a) to initiate and enforce, or to contract with a third party to initiate and enforce, a labor compliance program, then in addition to the requirements described in subdivision (b) of Section 1771.5, the Chancellor of the California State University shall review the payroll records on at least a

monthly basis to ensure the awarding body's compliance with the labor compliance program.

(2) For purposes of this subdivision, if an awarding body described in subdivision (a) is the University of California or any campus of that university, and that awarding body is required by subdivision (a) to initiate and enforce, or to contract with a third party to initiate and enforce, a labor compliance program, then in addition to the requirements described in subdivision (b) of Section 1771.5, the payroll records shall be reviewed on at least a monthly basis to ensure the awarding body's compliance with the labor compliance program. (d)

(1) An awarding body described in subdivision (a) shall make a written finding that the awarding body has initiated and enforced, or has contracted with a third party to initiate and enforce, the labor compliance program described in subdivision (a).

(2) (A) If an awarding body described in subdivision (a) is a school district, the governing body of that district shall transmit to the State Allocation Board, in the manner determined by that board, a copy of the finding described in paragraph (1).

(B) The State Allocation Board shall not release the funds described in subdivision (a) to an awarding body that is a school district until the State Allocation Board has received the written finding described in paragraph (1).

(C) If the State Allocation Board conducts a post award audit procedure with respect to an award of the funds described in subdivision (a) to an awarding body that is a school district, the State Allocation Board shall verify, in the manner determined by that board that the school district has complied with the requirements of this subdivision.

(3) If an awarding body described in subdivision (a) is a community college district, the Chancellor of the California State University, or the office of the President of the University of

California or any campus of the University of California, that awarding body shall transmit, in the manner determined by the Director of Industrial Relations, a copy of the finding described in paragraph (1) to the director of that department, or the director of any successor agency that is responsible for the oversight of employee wage and employee work hours laws.

(e) Because the reasonable costs directly related to monitoring and enforcing compliance with the prevailing wage requirements are necessary oversight activities, integral to the cost of construction of the public works projects, notwithstanding Section 17070.63 of the Education Code, the grant amounts as described in Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1 of the Education Code for the costs of a new construction or modernization project shall include the state's share of the reasonable and directly related costs of

the labor compliance program used to monitor and enforce compliance with prevailing wage requirements.

(f) This section shall only apply to contracts awarded prior to the effective date of regulations adopted by the Department of Industrial Relations pursuant to paragraph (3) of subdivision (a) of Section 1771.3.

1772. Workers employed by contractors or subcontractors in the execution of any contract for public work are deemed to be employed upon public work.

1773. The body awarding any contract for public work, or otherwise undertaking any public work, shall obtain the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality in which the public work is to be performed for each craft, classification, or type of worker needed to execute the contract from the Director of Industrial Relations. The holidays upon which those rates shall be paid need not be specified by the awarding body, but shall be all holidays recognized in the applicable collective bargaining agreement. If the prevailing rate is not based on a collectively bargained rate, the holidays upon which the prevailing rate shall be paid shall be as provided in Section 6700 of the Government Code. In determining the rates, the Director of Industrial Relations shall ascertain and consider the applicable wage rates established by collective bargaining agreements and the rates that may have been predetermined for federal public works, within the locality and in the nearest labor market area. Where the rates do not constitute the rates actually prevailing in the locality, the director shall obtain and consider further data from the labor organizations and employers or employer associations concerned, including the recognized collective bargaining representatives for the particular craft, classification, or type of work involved. The rate fixed for each craft, classification, or type of work shall be not less than the prevailing rate paid in the craft, classification, or type of work. If the director determines that the rate of prevailing wage for any craft, classification, or type of worker is the rate established by a collective bargaining agreement, the director may adopt that rate by reference as provided for in the collective bargaining agreement and that determination shall be effective for the life of the agreement or until the director determines that another rate should be adopted.

1773.1. (a) Per diem wages, when the term is used in this chapter or in any other statute applicable to public works, shall be deemed to include employer payments for the following:

- (1) Health and welfare.
- (2) Pension.

- (3) Vacation.
- (4) Travel.
- (5) Subsistence.
- (6) Apprenticeship or other training programs authorized by Section 3093, so long as the cost of training is reasonably related to the amount of the contributions.

(7) Worker protection and assistance programs or committees established under the federal Labor Management Cooperation Act of 1978 (Section 175a of Title 29 of the United States Code), to the extent that the activities of the programs or committees are directed to the monitoring and enforcement of laws related to public works.

(8) Industry advancement and collective bargaining agreements administrative fees, provided that these payments are required under a collective bargaining agreement pertaining to the particular craft, classification, or type of work within the locality or the nearest labor market area at issue.

(9) Other purposes similar to those specified in paragraphs (1) to (8), inclusive. (b) Employer payments include all of the following:

(1) The rate of contribution irrevocably made by the employer to a trustee or third person pursuant to a plan, fund, or program.

(2) The rate of actual costs to the employer reasonably anticipated in providing benefits to workers pursuant to an enforceable commitment to carry out a financially responsible plan or program communicated in writing to the workers affected.

(3) Payments to the California Apprenticeship Council pursuant to Section 1777.5.

(c) Employer payments are a credit against the obligation to pay the general prevailing rate of per diem wages. However, no credit shall be granted for benefits required to be provided by other state or federal law. Credits for employer payments also shall not reduce the obligation to pay the hourly straight time or overtime wages found to be prevailing. However, an increased employer payment contribution that results in a lower hourly straight time or overtime wage shall not be considered a violation of the applicable prevailing wage determination so long as all of following conditions are met:

(1) The increased employer payment is made pursuant to criteria set forth in a collective bargaining agreement.

(2) The basic hourly rate and increased employer payment are no less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the director's general prevailing wage determination.

(3) The employer payment contribution is irrevocable unless made in error. (d) The credit for employer payments shall be computed on an annualized basis where the employer seeks credit for employer

payments that are higher for public works projects than for private construction performed by the same employer, except where one or more of the following occur:

(1) The employer has an enforceable obligation to make the higher rate of payments on future private construction performed by the employer.

(2) The higher rate of payments is required by a project labor agreement.

(3) The payments are made to the California Apprenticeship Council pursuant to Section 1777.5.

(4) The director determines that annualization would not serve the purposes of this chapter. (e)

(1) For the purpose of determining those per diem wages for contracts, the representative of any craft, classification, or type of worker needed to execute contracts shall file with the Department of Industrial Relations fully executed copies of the collective bargaining agreements for the particular craft, classification, or

type of work involved. The collective bargaining agreements shall be filed after their execution and thereafter may be taken into consideration pursuant to Section 1773 whenever filed 30 days prior to the call for bids. If the collective bargaining agreement has not been formalized, a typescript of the final draft may be filed temporarily, accompanied by a statement under penalty of perjury as to its effective date.

(2) Where a copy of the collective bargaining agreement has previously been filed, fully executed copies of all modifications and extensions of the agreement that affect per diem wages or holidays shall be filed.

(3) The failure to comply with filing requirements of this subdivision shall not be grounds for setting aside a prevailing wage determination if the information taken into consideration is correct.

1773.2. The body awarding any contract for public work, or otherwise undertaking any public work, shall specify in the call for bids for the contract, and in the bid specifications and in the contract itself, what the general rate of per diem wages is for each craft, classification, or type of worker needed to execute the contract. In lieu of specifying the rate of wages in the call for bids, and in the bid specifications and in the contract itself, the awarding body may, in the call for bids, bid specifications, and contract, include a statement that copies of the prevailing rate of per diem wages are on file at its principal office, which shall be made available to any interested party on request. The awarding body shall also cause a copy of the determination of the director of the prevailing rate of per diem wages to be posted at each job site.

1773.3. An awarding agency whose public works contract falls within the jurisdiction of Section 1771.3, 1771.5, or 1777.5, or any other statute providing for the payment of fees to the Department of Industrial Relations for enforcing

prevailing wage requirements on that project, shall, within five days of the award, send a copy of the award to the department. In lieu of responding to any specific request for contract award information, the department may make such information available for public review by posting on its Internet Web site. Within five days of a finding of any discrepancy regarding the ratio of apprentices to journeymen, pursuant to the certificated fixed number of apprentices to journeymen, the awarding agency shall notify the Division of Labor Standards Enforcement.

1773.4. Any prospective bidder or his representative, any representative of any craft, classification or type of workman involved, or the awarding body may, within 20 days after commencement of advertising of the call for bids by the awarding body, file with the Director of Industrial Relations a verified petition to review the determination of any such rate or rates upon the ground that they have not been determined in accordance with the provision of Section 1773 of this code. Within two days thereafter, a copy of such petition shall be filed with the awarding body. The petition shall set forth the facts upon which it is based. The Director of Industrial Relations or his authorized representative shall, upon notice to the petitioner, the awarding body and such other persons as he deems proper, including the recognized collective bargaining representatives for the particular crafts, classifications or types of work involved, institute an investigation or hold a hearing. Within 20 days after the filing of such petition, or within such longer period as agreed upon by the director, the awarding body, and all the interested parties, he shall make a determination and transmit the same in writing to the awarding body and to the interested parties. Such determination shall be final and shall be the determination of the awarding body. Upon receipt by it of the notice of the filing of such petition the body awarding the contract or authorizing the public work shall extend the closing date for the submission of bids or the starting of work until five days after the determination of the general prevailing rates of per diem wages pursuant to this section. Upon the filing of any such petition, notice thereof shall be set forth in the next and all subsequent publications by the awarding body of the call for bids. No other notice need be given to bidders by the awarding body by publication or otherwise. The determination of the director shall be included in the contract.

1773.5. The Director of Industrial Relations may establish rules and regulations for the purpose of carrying out this chapter, including, but not limited to, the responsibilities and duties of awarding bodies under this chapter.

1773.6. If during any quarterly period the Director of Industrial Relations shall determine that there has been a

change in any prevailing rate of per diem wages in any locality he shall make such change available to the awarding body and his determination shall be final. Such determination by the Director of Industrial Relations shall not be effective as to any contract for which the notice to bidders has been published.

1773.7. The provisions of Section 11250 of the Government Code shall not be applicable to Sections 1773, 1773.4, and 1773.6.

1773.8. An increased employer payment contribution that results in a lower taxable wage shall not be considered a violation of the applicable prevailing wage determination so long as all of the following conditions are met:

(a) The increased employer payment is made pursuant to criteria set forth in a collective bargaining agreement.

(b) The increased employer payment and hourly straight time and overtime wage combined are no less than the general prevailing rate of per diem wages.

(c) The employer payment contribution is irrevocable unless made in error.

1773.9. (a) The Director of Industrial Relations shall use the methodology set forth in subdivision (b) to determine the general prevailing rate of per diem wages in the locality in which the public work is to be performed. (b) The general prevailing rate of per diem wages includes all of the following:

(1) The basic hourly wage rate being paid to a majority of workers engaged in the particular craft, classification, or type of work within the locality and in the nearest labor market area, if a majority of the workers is paid at a single rate. If no single rate is being paid to a majority of the workers, then the single rate being paid to the greatest number of workers, or modal rate, is prevailing. If a modal rate cannot be determined, then the director shall establish an alternative rate, consistent with the methodology for determining the modal rate, by considering the appropriate collective bargaining agreements, federal rates, rates in the nearest labor market area, or other data such as wage survey data.

(2) Other employer payments included in per diem wages pursuant to Section 1773.1 and as included as part of the total hourly wage rate from which the basic hourly wage rate was derived. In the event the total hourly wage rate does not include any employer payments, the director shall establish a prevailing employer payment rate by the same procedure set forth in paragraph (1).

(3) The rate for holiday and overtime work shall be those rates specified in the collective bargaining agreement when the basic hourly rate is based on a collective bargaining agreement rate. In the event the basic hourly rate

is not based on a collective bargaining agreement, the rate for holidays and overtime work, if any, included with the prevailing basic hourly rate of pay shall be prevailing. (c) (1) If the director determines that the general prevailing rate of per diem wages is the rate established by a collective bargaining agreement, and that the collective bargaining agreement contains definite and predetermined changes during its term that will affect the rate adopted, the director shall incorporate those changes into the determination. Predetermined changes that are rescinded prior to their effective date shall not be enforced. (2) When the director determines that there is a definite and predetermined change in the general prevailing rate of per diem wages as described in paragraph (1), but has not published, at the time of the effective date of the predetermined change, the allocation of the predetermined change as between the basic hourly wage and other employer payments included in per diem wages pursuant to Section 1773.1, a contractor or subcontractor may allocate payments of not less than the amount of the definite and predetermined change to either the basic hourly wage or other employer payments included in per diem wages for up to 60 days following the director's publication of the specific allocation of the predetermined change. (3) When the director determines that there is a definite and predetermined change in the general prevailing rate of per diem wages as described in paragraph (1), but the allocation of that predetermined change as between the basic hourly wage and other employer payments included in per diem wages pursuant to Section 1773.1 is subsequently altered by the parties to a collective bargaining agreement described in paragraph (1), a contractor or subcontractor may allocate payments of not less than the amount of the definite and predetermined change in accordance with either the originally published allocation or the allocation as altered in the collective bargaining agreement.

1773.11. (a) Notwithstanding any other provision of law and except as otherwise provided by this section, if the state or a political subdivision thereof agrees by contract with a private entity that the private entity's employees receive, in performing that contract, the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work, the director shall, upon a request by the state or the political subdivision, do both of the following:

(1) Determine, as otherwise provided by law, the wage rates for each craft, classification, or type of worker that are needed to execute the contract.

(2) Provide these wage rates to the state or political subdivision that requests them.

(b) This section does not apply to a contract for a public work, as defined in this chapter.

(c) The director shall determine and provide the wage rates described in this section in the order in which the requests for these wage rates were received and regardless of the calendar year in which they were received. If there are more

than 20 pending requests in a calendar year, the director shall respond only to the first 20 requests in the order in which they were received. If the director determines that funding is available in any calendar year to determine and provide these wage rates in response to more than 20 requests, the director shall respond to these requests in a manner consistent with this subdivision.

1774. The contractor to whom the contract is awarded, and any subcontractor under him, shall pay not less than the specified prevailing rates of wages to all workmen employed in the execution of the contract.

1775. (a) (1) The contractor and any subcontractor under the contractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit not more than two hundred dollars (\$200) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rates as determined by the director for the work or craft in which the worker is employed for any public work done under the contract by the contractor or, except as provided in subdivision (b), by any subcontractor under the contractor.

(2) (A) The amount of the penalty shall be determined by the Labor Commissioner based on consideration of both of the following: (i) Whether the failure of the contractor or subcontractor to pay the correct rate of per diem wages was a good faith mistake and, if so, the error was promptly and voluntarily corrected when brought to the attention of the contractor or subcontractor. (ii) Whether the contractor or subcontractor has a prior record of failing to meet its prevailing wage obligations. (B) (i) The penalty may not be less than forty dollars (\$40) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, unless the failure of the contractor or subcontractor to pay the correct rate of per diem wages was a good faith mistake and, if so, the error was promptly and voluntarily corrected when brought to the attention of the contractor or subcontractor. (ii) The penalty may not be less than eighty dollars (\$80) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the contractor or subcontractor has been assessed penalties within the previous three years for failing to meet its prevailing wage obligations on a separate contract, unless those penalties were subsequently withdrawn or overturned. (iii) The penalty may not be less than one hundred twenty dollars (\$120) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate, if the Labor Commissioner determines that the violation was willful, as defined in subdivision (c) of Section 1777.1.

(C) If the amount due under this section is collected from the contractor or subcontractor, any outstanding wage claim under Chapter 1 (commencing with

Section 1720) of Part 7 of Division 2 against that contractor or subcontractor shall be satisfied before applying that amount to the penalty imposed on that contractor or subcontractor pursuant to this section.

(D) The determination of the Labor Commissioner as to the amount of the penalty shall be reviewable only for abuse of discretion.

(E) The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the contractor or subcontractor, and the body awarding the contract shall cause to be inserted in the contract a stipulation that this section will be complied with. (b) If a worker employed by a subcontractor on a public works project is not paid the general prevailing rate of per diem wages by the subcontractor, the prime contractor of the project is not liable for any penalties under subdivision (a) unless the prime contractor had knowledge of that failure of the subcontractor to pay the specified prevailing rate of wages to those workers or unless the prime contractor fails to comply with all of the following requirements:

(1) The contract executed between the contractor and the subcontractor for the performance of work on the public works project shall include a copy of the provisions of this section and Sections 1771, 1776, 1777.5, 1813, and 1815.

(2) The contractor shall monitor the payment of the specified general prevailing rate of per diem wages by the subcontractor to the employees, by periodic review of the certified payroll records of the subcontractor.

(3) Upon becoming aware of the failure of the subcontractor to pay his or her workers the specified prevailing rate of wages, the contractor shall diligently take corrective action to halt or rectify the failure, including, but not limited to, retaining sufficient funds due the subcontractor for work performed on the public works project.

(4) Prior to making final payment to the subcontractor for work performed on the public works project, the contractor shall obtain an affidavit signed under penalty of perjury from the subcontractor that the subcontractor has paid the specified general prevailing rate of per diem wages to his or her employees on the public works project and any amounts due pursuant to Section 1813. (c) The Division of Labor Standards Enforcement shall notify the contractor on a public works project within 15 days of the receipt by the Division of Labor Standards Enforcement of a complaint of the failure of a subcontractor on that public works project to pay workers the general prevailing rate of per diem wages.

1776. (a) Each contractor and subcontractor shall keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime

hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following: (1) The information contained in the payroll record is true and correct.

(2) The employer has complied with the requirements of Sections 1771, 1811, and 1815 for any work performed by his or her employees on the public works project. (b) The payroll records enumerated under subdivision (a) shall be certified and shall be available for inspection at all reasonable hours at the principal office of the contractor on the following basis:

(1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or his or her authorized representative on request.

(2) A certified copy of all payroll records enumerated in subdivision (a) shall be made available for inspection or furnished upon request to a representative of the body awarding the contract and the Division of Labor Standards Enforcement of the Department of Industrial Relations.

(3) A certified copy of all payroll records enumerated in subdivision (a) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the body awarding the contract or the Division of Labor Standards Enforcement. If the requested payroll records have not been provided pursuant to paragraph (2), the requesting party shall, prior to being provided the records, reimburse the costs of preparation by the contractor, subcontractors, and the entity through which the request was made. The public may not be given access to the records at the principal office of the contractor.

(c) The certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division. The payroll records may consist of printouts of payroll data that are maintained as computer records, if the printouts contain the same information as the forms provided by the division and the printouts are verified in the manner specified in subdivision (a).

(d) A contractor or subcontractor shall file a certified copy of the records enumerated in subdivision (a) with the entity that requested the records within 10 days after receipt of a written request. (e) Except as provided in subdivision (f), any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the awarding body or the Division of Labor Standards Enforcement shall be marked or obliterated to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or the subcontractor performing the contract shall not be marked or obliterated. Any copy of records made available for inspection by, or furnished to, a

joint labor-management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (29 U.S.C. Sec. 175a) shall be marked or obliterated only to prevent disclosure of an individual's name and social security number. A joint labor management committee may maintain an action in a court of competent jurisdiction against an employer who fails to comply with Section 1774. The court may award restitution to an employee for unpaid wages and may award the joint labor management committee reasonable attorney's fees and costs incurred in maintaining the action. An action under this subdivision may not be based on the employer's misclassification of the craft of a worker on its certified payroll records. Nothing in this subdivision limits any other available remedies for a violation of this chapter. (f)

(1) Notwithstanding any other provision of law, agencies that are included in the Joint Enforcement Strike Force on the Underground Economy established pursuant to Section 329 of the Unemployment Insurance Code and other law enforcement agencies investigating violations of law shall, upon request, be provided nonredacted copies of certified payroll records. Any copies of records or certified payroll made available for inspection and furnished upon request to the public by an agency included in the Joint Enforcement Strike Force on the Underground Economy or to a law enforcement agency investigating a violation of law shall be marked or redacted to prevent disclosure of an individual's name, address, and social security number.

(2) An employer shall not be liable for damages in a civil action for any reasonable act or omission taken in good faith in compliance with this subdivision. (g) The contractor shall inform the body awarding the contract of the location of the records enumerated under subdivision (a), including the street address, city, and county, and shall, within five working days, provide a notice of a change of location and address. (h) The contractor or subcontractor has 10 days in which to comply subsequent to receipt of a written notice requesting the records enumerated in subdivision (a). In the event that the contractor or subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit one hundred dollars (\$100) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due. A contractor is not subject to a penalty assessment pursuant to this section due to the failure of a subcontractor to comply with this section. (i) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. (j) The director shall adopt rules consistent with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) and the Information Practices Act of 1977 (Title 1.8 (commencing with Section 1798) of Part 4 of Division 3 of the Civil Code) governing the release of

these records, including the establishment of reasonable fees to be charged for reproducing copies of records required by this section.

1777. Any officer, agent, or representative of the State or of any political subdivision that willfully violates any provision of this article, and any contractor, or subcontractor, or agent or representative thereof, doing public work who neglects to comply with any provision of section 1776 is guilty of a misdemeanor.

1777.1. (a) Whenever a contractor or subcontractor performing a public works project pursuant to this chapter is found by the Labor Commissioner to be in violation of this chapter with intent to defraud, except Section 1777.5, the contractor or subcontractor or a firm, corporation, partnership, or association in which the contractor or subcontractor has any interest is ineligible for a period of not less than one year or more than three years to do either of the following:

(1) Bid on or be awarded a contract for a public works project.

(2) Perform work as a subcontractor on a public works project. (b) Whenever a contractor or subcontractor performing a public works project pursuant to this chapter is found by the Labor Commissioner to have committed two or more separate willful violations of this chapter, except Section 1777.5, within a three-year period, the contractor or subcontractor or a firm, corporation, partnership, or association in which the contractor or subcontractor has any interest is ineligible for a period up to three years to do either of the following:

(1) Bid on or be awarded a contract for a public works project.

(2) Perform work as a subcontractor on a public works project. (c) Whenever a contractor or subcontractor performing a public works project has failed to provide a timely response to a request by the Division of Labor Standards Enforcement, the Division of Apprenticeship Standards, or the awarding body to produce certified payroll records pursuant to Section 1776, the Labor Commissioner shall notify the contractor or subcontractor that, in addition to any other penalties provided by law, the contractor or subcontractor will be subject to debarment under this section if the certified payroll records are not produced within 30 days after receipt of the written notice. If the commissioner finds that the contractor or subcontractor has failed to comply with Section 1776 by that deadline, unless the commissioner finds that the failure to comply was due to circumstances outside the contractor's or subcontractor's control, the contractor or subcontractor or a firm, corporation, partnership, or association in which the contractor or subcontractor has any interest is ineligible for a period of not less than one year and not more than three years to do either of the following:

(1) Bid on or be awarded a contract for a public works project.

(2) Perform work as a subcontractor on a public works project. (d) A willful violation occurs when the contractor or subcontractor knew or reasonably should have known of his or her obligations under the public works law and deliberately fails or refuses to comply with its provisions. (e) The Labor Commissioner shall publish on the commissioner's Internet Web site a list of contractors who are ineligible to bid on or be awarded a public works contract, or to perform work as a subcontractor on a public works project pursuant to this chapter. The list shall contain the name of the contractor, the Contractors' State License Board license number of the contractor, and the effective period of debarment of the contractor. Contractors shall be added to the list upon issuance of a debarment order and the commissioner shall also notify the Contractors' State License Board when the list is updated. At least annually, the commissioner shall notify awarding bodies of the availability of the list of debarred contractors. The commissioner shall also place advertisements in construction industry publications targeted to the contractors and subcontractors, chosen by the commissioner, that state the effective period of the debarment and the reason for debarment. The advertisements shall appear one time for each debarment of a contractor in each publication chosen by the commissioner. The debarred contractor or subcontractor shall be liable to the commissioner for the reasonable cost of the advertisements, not to exceed five thousand dollars (\$5,000). The amount paid to the commissioner for the advertisements shall be credited against the contractor's or subcontractor's obligation to pay civil fines or penalties for the same willful violation of this chapter. (f) For purposes of this section, "contractor or subcontractor" means a firm, corporation, partnership, or association and its responsible managing officer, as well as any supervisors, managers, and officers found by the Labor Commissioner to be personally and substantially responsible for the willful violation of this chapter. (g) For the purposes of this section, the term "any interest" means an interest in the entity bidding or performing work on the public works project, whether as an owner, partner, officer, manager, employee, agent, consultant, or representative. "Any interest" includes, but is not limited to, all instances where the debarred contractor or subcontractor receives payments, whether cash or any other form of compensation, from any entity bidding or performing work on the public works project, or enters into any contracts or agreements with the entity bidding or performing work on the public works project for services performed or to be performed for contracts that have been or will be assigned or sublet, or for vehicles, tools, equipment, or supplies that have been or will be sold, rented, or leased during the period from the initiation of the debarment proceedings until the end of the term of the debarment period. "Any interest" does not include shares held in a publicly traded corporation if the shares were not

received as compensation after the initiation of debarment from an entity bidding or performing work on a public works project. (h) For the purposes of this section, the term "entity" is defined as a company, limited liability company, association, partnership, sole proprietorship, limited liability partnership, corporation, business trust, or organization. (i) The Labor Commissioner shall adopt rules and regulations for the administration and enforcement of this section.

1777.5. (a) Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works. (b) Every apprentice employed upon public works shall be paid the prevailing rate of per diem wages for apprentices in the trade to which he or she is registered and shall be employed only at the work of the craft or trade to which he or she is registered. (c) Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards that have been approved by the Chief of the Division of Apprenticeship Standards and who are parties to written apprentice agreements under Chapter 4 (commencing with Section 3070) of Division 3 are eligible to be employed at the apprentice wage rate on public works. The employment and training of each apprentice shall be in accordance with either of the following:

(1) The apprenticeship standards and apprentice agreements under which he or she is training.

(2) The rules and regulations of the California Apprenticeship Council. (d) When the contractor to whom the contract is awarded by the state or any political subdivision, in performing any of the work under the contract, employs workers in any apprenticeable craft or trade, the contractor shall employ apprentices in at least the ratio set forth in this section and may apply to any apprenticeship program in the craft or trade that can provide apprentices to the site of the public work for a certificate approving the contractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, the decision of the apprenticeship program to approve or deny a certificate shall be subject to review by the Administrator of Apprenticeship. The apprenticeship program or programs, upon approving the contractor, shall arrange for the dispatch of apprentices to the contractor. A contractor covered by an apprenticeship program's standards shall not be required to submit any additional application in order to include additional public works contracts under that program. "Apprenticeable craft or trade," as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with rules and regulations prescribed by the California Apprenticeship Council. As used in this section, "contractor" includes any subcontractor under a contractor who performs any public works not excluded by subdivision (o). (e) Prior to commencing work on a contract for public works, every contractor shall submit contract award information to an applicable apprenticeship program that can supply apprentices to the site of the public work. The information

submitted shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices proposed to be employed, and the approximate dates the apprentices would be employed. A copy of this information shall also be submitted to the awarding body if requested by the awarding body. Within 60 days after concluding work on the contract, each contractor and subcontractor shall submit to the awarding body, if requested, and to the apprenticeship program a verified statement of the journeyman and apprentice hours performed on the contract. The information under this subdivision shall be public. The apprenticeship programs shall retain this information for 12 months. (f) The apprenticeship program that can supply apprentices to the area of the site of the public work shall ensure equal employment and affirmative action in apprenticeship for women and minorities. (g) The ratio of work performed by apprentices to journeymen employed in a particular craft or trade on the public work may be no higher than the ratio stipulated in the apprenticeship standards under which the apprenticeship program operates where the contractor agrees to be bound by those standards, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of journeyman work. (h) This ratio of apprentice work to journeyman work shall apply during any day or portion of a day when any journeyman is employed at the jobsite and shall be computed on the basis of the hours worked during the day by journeymen so employed. Any work performed by a journeyman in excess of eight hours per day or 40 hours per week shall not be used to calculate the ratio. The contractor shall employ apprentices for the number of hours computed as above before the end of the contract or, in the case of a subcontractor, before the end of the subcontract. However, the contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the jobsite. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Administrator of apprenticeship, upon application of an apprenticeship program, may order a minimum ratio of not less than one apprentice for each five journeymen in craft or trade classification. (i) A contractor covered by this section that has agreed to be covered by an apprenticeship program's standards upon the issuance of the approval certificate, or that has been previously approved for an apprenticeship program in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the applicable apprenticeship standards, but in no event less than the 1-to-5 ratio required by subdivision (g). (j) Upon proper showing by a contractor that he or she employs apprentices in a particular craft or trade in the state on all of his or her contracts on an annual average of not less than one hour of apprentice work for every five hours of labor

performed by journeymen, the Administrator of Apprenticeship may grant a certificate exempting the contractor from the 1-to-5 hourly ratio, as set forth in this section for that craft or trade. (k) An apprenticeship program has the discretion to grant to a participating contractor or contractor association a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting the contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met:

(1) Unemployment for the previous three-month period in the area exceeds an average of 15 percent.

(2) The number of apprentices in training in the area exceeds a ratio of 1 to 5.

(3) There is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis or on a local basis.

(4) Assignment of an apprentice to any work performed under a public works contract would create a condition that would jeopardize his or her life or the life, safety, or property of fellow employees or the public at large, or the specific task to which the apprentice is to be assigned is of a nature that training cannot be provided by a journeyman. (l) When an exemption is granted pursuant to subdivision (k) to an organization that represents contractors in a specific trade from

the 1-to-5 ratio on a local or statewide basis, the member contractors shall not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards. (m) (1) A contractor to whom a contract is awarded, who, in performing any of the work under the contract, employs journeymen or apprentices in any apprenticeable craft or trade shall contribute to the California Apprenticeship Council the same amount that the director determines is the prevailing amount of apprenticeship training contributions in the area of the public works site. A contractor may take as a credit for payments to the council any amounts paid by the contractor to an approved apprenticeship program that can supply apprentices to the site of the public works project. The contractor may add the amount of the contributions in computing his or her bid for the contract.

(2) At the conclusion of the 2002-03 fiscal year and each fiscal year thereafter, the California Apprenticeship Council shall distribute training contributions received by the council under this subdivision, less the expenses of the Department of Industrial Relations for administering this subdivision, by making grants to approved apprenticeship programs for the purpose of training apprentices. The funds shall be distributed as follows:

(A) If there is an approved multiemployer apprenticeship program serving the same craft or trade and geographic area for which the training contributions were made to the council, a grant to that program shall be made.

(B) If there are two or more approved multiemployer apprenticeship programs serving the same craft or trade and geographic area for which the training contributions were made to the council, the grant shall be divided among those programs based on the number of apprentices registered in each program.

(C) All training contributions not distributed under subparagraphs (A) and (B) shall be used to defray the future expenses of the Department of Industrial Relations for the administration and enforcement of apprenticeship standards and requirements under this code.

(3) All training contributions received pursuant to this subdivision shall be deposited in the Apprenticeship Training Contribution Fund, which is hereby created in the State Treasury.

Upon appropriation by the Legislature, all moneys in the Apprenticeship Training Contribution Fund shall be used for the

purpose of carrying out this subdivision and to pay the expenses of the Department of Industrial Relations. (n) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor. (o) This section does not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor when the contracts of general contractors or those specialty contractors involve less than thirty thousand dollars (\$30,000). (p) An awarding body that implements an approved labor compliance program in accordance with subdivision (b) of Section 1771.5 may, with the approval of the director, assist in the enforcement of this section under the terms and conditions prescribed by the director.

1777.6. An employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of this code and Section 12940 of the Government Code.

1777.7. (a) (1) A contractor or subcontractor that is determined by the Labor Commissioner to have knowingly violated Section 1777.5 shall forfeit as a civil penalty an amount not exceeding one hundred dollars (\$100) for each full calendar day of noncompliance. The amount of this penalty may be reduced by the Labor Commissioner if the

amount of the penalty would be disproportionate to the severity of the violation. A contractor or subcontractor that knowingly commits a second or subsequent violation of Section 1777.5 within a three-year period, where the noncompliance results in apprenticeship training not being provided as required by this chapter, shall forfeit as a civil penalty the sum of not more than three hundred dollars (\$300) for each full calendar day of noncompliance. Notwithstanding Section 1727, upon receipt of a determination that a civil penalty has been imposed by the Labor Commissioner, the awarding body shall withhold the amount of the civil penalty from contract progress payments then due or to become due. (2) In lieu of the penalty provided for in this subdivision, the Labor Commissioner may, for a first-time violation and with the concurrence of an apprenticeship program described in subdivision (d), order the contractor or subcontractor to provide apprentice employment equivalent to the work hours that would have been provided for apprentices during the period of noncompliance. (b) In the event a contractor or subcontractor is determined by the Labor Commissioner to have knowingly committed a serious violation of any provision of Section 1777.5, the Labor Commissioner may also deny to the contractor or subcontractor, and to its responsible officers, the right to bid on or be awarded or perform work as a subcontractor on any public works contract for a period of up to one year for the first violation and for a period of up to three years for a second or subsequent violation. Each period of debarment shall run from the date the determination of noncompliance by the Labor Commissioner becomes a final order. (c)

(1) An affected contractor, subcontractor, or responsible officer may obtain a review of the determination of the Labor Commissioner imposing the debarment or civil penalty by transmitting a written request to the office of the Labor Commissioner that appears on the determination within 60 days after service of the determination of debarment or civil penalty. If no hearing is requested within 60 days after service of the determination, the determination shall become final.

(2) The provisions of Section 1742 shall apply to the review of any determination issued pursuant to subdivision (a) or (b), subject to the following:

(A) The provisions of Section 1742 and any regulations implementing that section shall apply to a responsible officer who requests review of a determination under this section to the same extent as any affected contractor or subcontractor who requests review.

(B) In the review of a determination under this section, the affected contractor, subcontractor, or responsible officer shall have the burden of providing evidence of compliance with Section 1777.5.

(3) For purposes of this section, a determination issued pursuant to subdivision (a) or (b) includes a determination that has been approved by the Labor Commissioner and issued by an awarding body that has

been authorized to assist the director in the enforcement of Section 1777.5 pursuant to subdivision (p) of that section. The Labor Commissioner shall have the right to intervene in any proceeding for review of a determination issued by an awarding body. If the involvement of the Labor Commissioner in a labor compliance program enforcement action is limited to a review of the determination and the matter is resolved without litigation by or against the Labor Commissioner or the department, the awarding body shall enforce any applicable penalties, as specified in this section, and shall deposit any penalties and forfeitures collected in the General Fund.

(4) The Labor Commissioner may certify a copy of the final order of the Director of Industrial Relations and file it with the clerk of the superior court in any county in which the affected contractor or subcontractor has property or has or had a place of business. The clerk, immediately upon the filing, shall enter judgment for the state against the person assessed in the amount shown on the certified order. A judgment entered pursuant to this section shall bear the same rate of interest and shall have the same effect as other judgments and be given the same preference allowed by the law on other judgments rendered for claims for taxes. The clerk shall not charge for the service performed by him or her pursuant to this section. An awarding body that has withheld funds in response to a determination imposing a penalty under this section shall, upon

receipt of a certified copy of a final order that is no longer subject to judicial review, promptly transmit the withheld funds, up to the amount of the certified order, to the Labor Commissioner. (d) If a subcontractor is found to have violated Section 1777.5,

the prime contractor of the project is not liable for any penalties under subdivision (a), unless the prime contractor had knowledge of the subcontractor's failure to comply with the provisions of Section 1777.5 or unless the prime contractor fails to comply with any of the following requirements:

(1) The contract executed between the contractor and the subcontractor or the performance of work on the public works project shall include a copy of the provisions of Sections 1771, 1775, 1776, 1777.5, 1813, and 1815.

(2) The contractor shall continually monitor a subcontractor's use of apprentices required to be employed on the public works project pursuant to subdivision (d) of Section 1777.5, including, but not limited to, periodic review of the certified payroll of the subcontractor.

(3) Upon becoming aware of a failure of the subcontractor to employ the required number of apprentices, the contractor shall take corrective action, including, but not limited to, retaining funds due the subcontractor for work performed on the public works project until the failure is corrected.

(4) Prior to making the final payment to the subcontractor for work performed on the public works project, the contractor shall obtain a declaration signed

under penalty of perjury from the subcontractor that the subcontractor has employed the required number of apprentices on the public works project. (e) Any funds withheld by the awarding body pursuant to this section shall be deposited in the General Fund if the awarding body is a state entity, or in the equivalent fund of an awarding body if the awarding body is an entity other than the state. (f)

(1) The Labor Commissioner shall consider, in setting the amount of a monetary penalty, in determining whether a violation is serious, and in determining whether and for how long a party should be debarred for violating this section, all of the following circumstances:

(A) Whether the violation was intentional.

(B) Whether the party has committed other violations of Section 1777.5.

(C) Whether, upon notice of the violation, the party took steps to voluntarily remedy the violation.

(D) Whether, and to what extent, the violation resulted in lost training opportunities for apprentices.

(E) Whether, and to what extent, the violation otherwise harmed apprentices or apprenticeship programs.

(2) If a party seeks review of a decision by the Labor Commissioner to impose a monetary penalty or period of debarment, the Director of Industrial Relations shall decide de novo the appropriate penalty, by considering the same factors set forth above. (g) The interpretation of Section 1777.5 and the substantive requirements of this section, including the limitations period for issuing a determination under subdivision (a) or (b), shall be in accordance with the regulations of the California Apprenticeship Council. The Director of Industrial Relations may adopt regulations to establish guidelines for the imposition of monetary penalties and periods of debarment and may designate precedential decisions under Section 11425.60 of the Government Code.

1778. Every person, who individually or as a representative of an awarding or public body or officer, or as a contractor or subcontractor doing public work, or agent or officer thereof, who takes, receives, or conspires with another to take or receive, for his own use or the use of any other person any portion of the wages of any workman or working subcontractor, in connection with services rendered upon any public work is guilty of a felony.

1779. Any person or agent or officer thereof who charges, collects, or attempts to charge or collect, directly or indirectly, a fee or valuable consideration for registering any person for public work, or for giving information as to where such employment may be procured, or for placing, assisting in placing, or attempting to place, any person in public work, whether the person is to work directly for the State, or any political subdivision or for a contractor or subcontractor doing public work is guilty of a misdemeanor.

1780. Any person acting on behalf of the State or any political subdivision, or any contractor or subcontractor or agent or representative thereof, doing any public work who places any order for the employment of a workman on public work where the filling of the order for employment involves the charging of a fee, or the receiving of a valuable consideration from any applicant for employment is guilty of a misdemeanor.

1781. (a) (1) Notwithstanding any other provision of law, a contractor may, subject to paragraphs (2) and (3), bring an action in a court of competent jurisdiction to recover from the body awarding a contract for a public work or otherwise undertaking any public work any increased costs incurred by the contractor as a result of any decision by the body, the Department of Industrial Relations, or a court that classifies, after the time at which the body accepts the contractor's bid or awards the contractor a contract in circumstances where no bid is solicited, the work covered by the bid or contract as a "public work," as defined in this chapter, to which Section 1771 applies, if that body, before the bid opening or awarding of the contract, failed to identify as a "public work," as defined in this chapter, in the bid specification or in the contract documents that portion of the work that the decision classifies as a "public work."

(2) The body awarding a contract for a public work or otherwise undertaking any public work is not liable for increased costs in an action described in paragraph (1) if all of the following conditions are met:

(A) The contractor did not directly submit a bid to, or directly contract with, that body.

(B) The body stated in the contract, agreement, ordinance, or other written arrangement by which it undertook the public work that the work described in paragraph (1) was a "public work," as defined in this chapter, to which Section 1771 applies, and obligated the party with whom the body makes its written arrangement to cause the work described in paragraph (1) to be performed as a "public work."

(C) The body fulfilled all of its duties, if any, under the Civil Code or any other provision of law pertaining to the body providing and maintaining bonds to secure the payment of contractors, including the payment of wages to workers performing the work described in paragraph (1).

(3) If a contractor did not directly submit a bid to, or directly contract with a body awarding a contract for, or otherwise undertaking a public work, the liability of that body in an action commenced by the contractor under subdivision (a) is limited to that portion of a judgment, obtained by that contractor against the body that solicited the contractor's bid or awarded the contract to the contractor that the contractor is unable to satisfy. For purposes of this paragraph, a contractor may not be deemed

to be unable to satisfy any portion of a judgment unless, in addition to other collection measures, the contractor has made a good faith attempt to collect that portion of the judgment against a surety bond, guarantee, or some other form of assurance. (b) When construction has not commenced at the time a final decision by the Department of Industrial Relations or a court classifies all or part of the work covered by the bid or contract as a "public work," as defined in this chapter, the body that solicited the bid or awarded the contract shall rebid the "public work" covered by the contract as a "public work," any bid that was submitted and any contract that was executed for this work are null and void, and the contractor may not be compensated for any nonconstruction work already performed unless the body soliciting the bid or awarding the contract has agreed to compensate the contractor for this work. (c) For purposes of this section:

(1) "Awarding body" does not include the Department of General Services, the Department of Transportation, or the Department of Water Resources.

(2) "Increased costs" includes, but is not limited to: (A) Labor cost increases required to be paid to workers who perform or performed work on the "public work" as a result of the events described in subdivision (a). (B) Penalties for a violation of this article for which the contractor is liable, and which violation is the result of the events described in subdivision (a).
